

YEAR 11 OPTION TALKS FOR YEAR 12 in 2020

Important decisions

- Confirming your pathway: NCEA or CIE or vocational?
- Confirming your *Numeracy*.
- Choosing your English course.
- Choosing your 3 or 4 option subjects
- Choosing the appropriate level of study for each subject.
- Completing the parent portal.

CAIE

If you are doing CAIE in Year 11 then either you do:

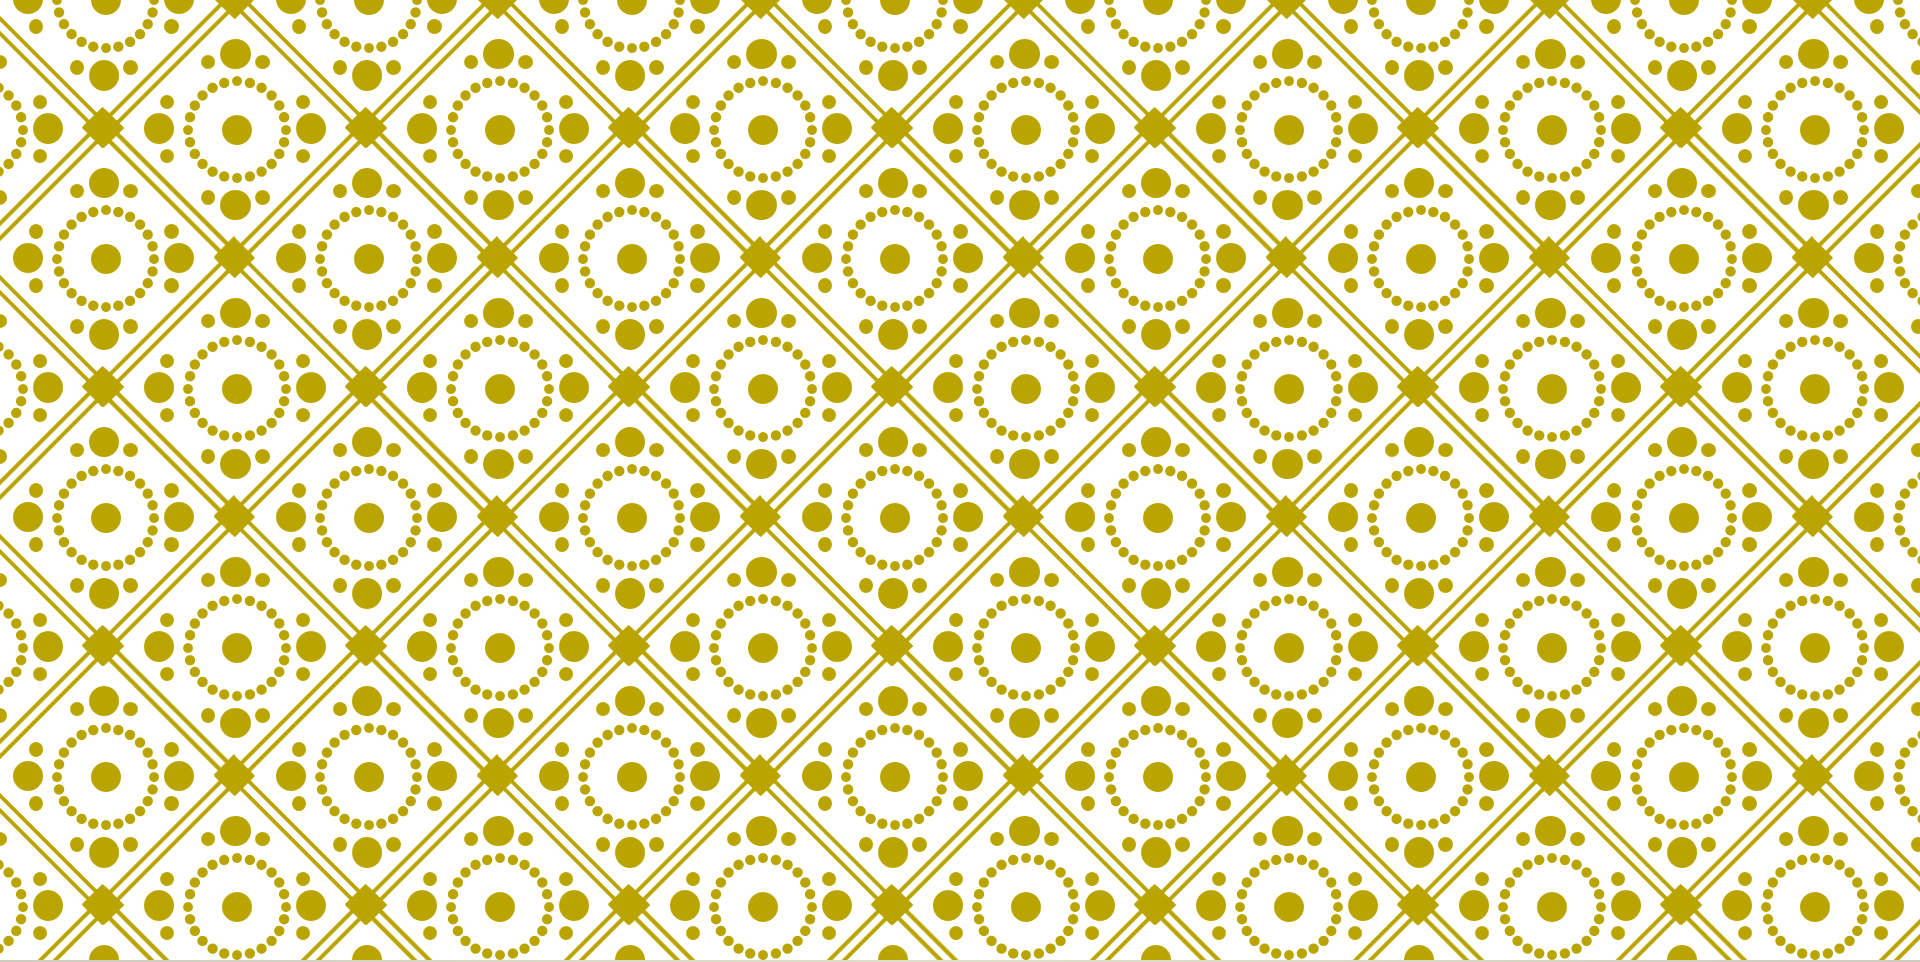

1. 5 AS Subjects - (80% in all 5/6 IGCSE Mock exams)(Permission from Mrs Thompson)
2. Combination of AS, A, IGCSE (possible)
3. 4 AS Subjects + PED + Study (Most Likely)

OR

4. *Change to NCEA* - Level 2 (5 Subjects + PED +Study)

To continue with CIE pathway

- Looking at your subject marks in the **recent examinations-** did you get **at least 3 x C grades plus at least 2 B grade or higher?** (Minimum requirements)
- Are you likely to maintain or better your grades in the external examinations?
- Have you enjoyed the structure of the CIE course - tests and assignments with the main examinations at the end of the year?

NCEA

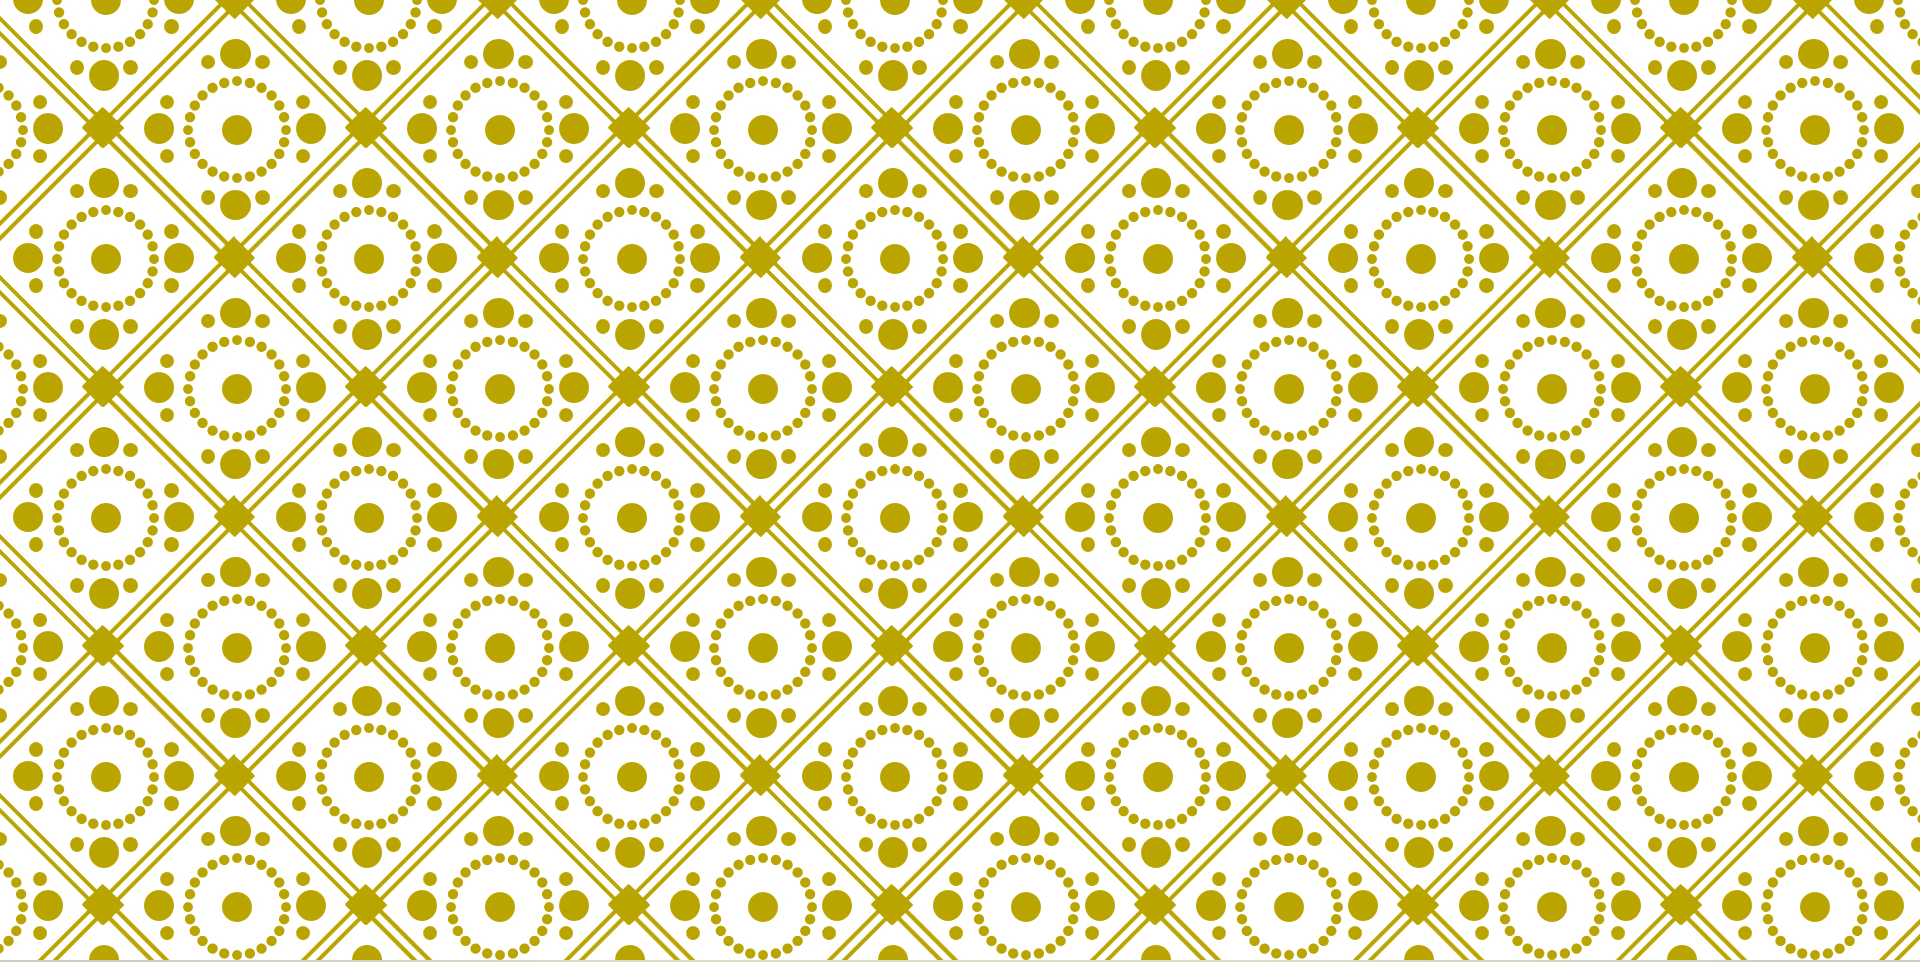

If you are doing NCEA in Year 11...then:

- Continue NCEA to Level 2 - UE course (5 approved subjects + PED + Study)
- Continue NCEA to Level 2 - Vocational focus (Trade Academy) possibly leaving at the end of year 12.
- Continue NCEA with mixed level course Level 2 and Level 1.

Time to
change

Changing to NCEA

- Subjects divided into standards, each worth a number of credits.
- Some internal assessment during year in all subjects.
- Some subjects all internally assessed.
- New Zealand Qualification.
- Offers traditional school subjects.
- Leads to UE after Level 3.
- Provides a step-up to Year 12 learning rather than risking failure at AS.
- Also offers practical, hands-on, technology and employment focused subjects.

The Vocational pathway courses

(All subjects with a *)

- The vocational pathway mainly starts in Year 12
- It offers NCEA credits at Levels 2 and 3 mostly through unit standards.
- It can also offer industry certificates to provide a step-up to a tertiary or apprenticeship qualification.
- Many of the standards offered in these courses do not lead to subjects approved for University Entrance at Level 3
- Students work towards achieving their Level 2 & 3 certificates
- Many of these standards do not offer the opportunity for grades higher than achieved i.e. not merit or excellence
- You will need to see Mrs Thompson to take 2 or more vocational subjects

Technology & Trades

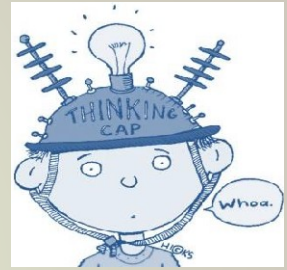

- Permission to do more than one Technology from THO/Careers
- Trades- Physics and Maths level 2 (preferably)
- 12VPS- One day a week at MIT (students must be doing 2 + Vocational Subjects and thinking of leaving at the End of year 12 to do a Trade). Must see Mrs T if you are interested.
- Gateway and STAR- Mrs Bushe
